## **Main Tasks Conducted**

The trainers have scheduled the training programs on all four days and packed the time with several mind blowing activities with the students involvement. This has helped students realize the importance of communication which is a very important step when transitioning from campus to corporate.

This picture shows the amount of involvement from each student which had made the class enchanting.

The image of this particular activity by student made us understand how well the student has his/her communication skills on point.

The trainers also made sure that, the student's interview skills improved by the end of all sessions. They conducted the Group Discussion (GD) and Mock Interviews. Mock Interviews were done individually to all the students.

This picture shows how the trainer Ms. Archana interviewing our student. Ms. Minchu has taught the nuances of soft skill communication and the same is highlighted in the above photo. The points to note are how intense the process was, how well the team organized everything and last but not least, how interested the student were to attend the interview.
