DEPARTMENT OF PSYCHOLOGY

I Semester- Question Bank (NEP)

Question Bank (NEP)

Paper 1 - Foundation of Psychology

Unit 1

2 marks questions

- 1) Define term psychology ?
- 2) Mention the 2 types of observation used in psychology ?
- 3) What is experimental method used in psychology ?
- 4) Who was the founder of first psychological laboratory? when and where was it found ?
- 5) Explain description as a goal of psychology ?

5 marks questions

- 1) Explain any 2 perspective of psychology ?
- 2) Explain the psychodynamic perspective of psychology ?
- 3) Name and Explain the different goals of psychology ?

8 marks

- 1) Explain the various key perspectives of psychology ?
- 2) Explain the various methods used in study of psychology ?
- 3) write on emergence and development of psychology ?
- 4) Explain the various branches of psychology ?

Unit 2

2 marks

1. Define neuron ?
2. What is neural impulse ?
3. What is synapse ?
4. What is neuro transmitters ?

5. What is nervous system ?
6. What is function of thyroid gland?

5 marks

1. Explain and 2 methods of studying psychology ?
2. Explain different neuro transmitters and mention their functions ?
3. Explain the process of synaptic transmission ?
4. Explain any 5 methods of studying brain ?
5. Explain the central nervous system ?
6. Explain the endocrine system and various functions of various hormones ?

8 marks

1. Explain the divisions of nervous system ?
2. Explain structure of brain ?
3. Explain central nervous system (C.N.S) ?
4. Explain peripheral nervous system ?
5. Write a note on various methods of studying brain function ?

Unit 3

1. Define Sensation ?
2. Define depth perception ?
3. What is Illusion?
4. Define Perception ?
5. What is Hallucination ?
6. What is meaning of Attention ?

5 marks

1. Explain the receptor cells involved in the visual sensation .
2. Explain the determinants of attention .
3. Explain the characteristics of Perception .
4. Explain the various types of illusion .
5. Explain different types of hallucination.

Unit 4

2 marks

1. Define learning ?
2. What is trial and error learning ?
3. Who gave insightful learning and observational learning ?
4. What is reinforcement ?
5. Mention the types of reinforcement ?

5 marks

1. Explain insightful learning theory ?
2. Explain observational learning theory ?
3. Explain trail and error learning ?
4. Explain the schedules of reinforcement ?

8 marks

1. Explain the Gestalt's law of perception/ perceptual organization .
2. Explain the phenomenon of attention .
3. Explain the monocular and binocular cues involved in depth perception.
4. Explain the errors in perception.
5. Explain the receptor cells involved in each sensation
6. Explain classical conditioning .
7. Explain operant conditioning .
8. Explain the cognitive learning.

Unit 5

1. Define memory.
2. Define short-term memory.
3. Define long-term memory.
4. Define forgetting.
5. What is mnemonic ?

5 marks questions

1. Explain the basic process involved in memory.
2. Explain the types of memory.
3. Explain the techniques to improve memory.

8 marks questions

1. Explain types of memory ?
2. What is forgetting ?
3. Explain nature and causes of forgetting.

DEPARTMENT OF PSYCHOLOGY

II Semester- Question Bank (NEP)

Paper 2- Foundation of Behavior

2 marks question

- 1) What is motivation
- 2) Define instinct
- 3) What is need
- 4) Mention the social motives
- 5) Give any 2 biological motives
- 6) Define Intelligence
- 7) Write any 2 characteristics of intelligence
- 8) Define social intelligence
- 9) Define emotional intelligence
- 10) Write 3 components of Sternberg's theory of intelligence
- 11) Name 2 Indian tests of intelligence
- 12) Write the formula for measuring intelligence or intelligence quotient
- 13) Define Cognition
- 14) Define concept formation
- 15) Define reasoning
- 16) Define decision making
- 17) What is critical thinking
- 18) What is Personality
- 19) How is personality derived
- 20) What is self
- 20) Define personality according to Gordon Allport
- 21) What are the main approaches to study personality
- 22) What is trait approach
- 23) How is trait and type approach different
- 24) What is interactional approach
- 25) What are structures of personality according to Sigmund Freud
- 26) What are Indian personality types
- 27) What are two types of personality according to Carl Jung
- 28) Who gave the concept of Cardinal trait, Central trait and Secondary trait
- 29) What are levels of consciousness
- 30) What is fully functional person according to Roger
- 31) What are 3 types of personality assessment

- 32) Expand MMPI
- 33) Mention 2 disadvantages of 16PF
- 34) What is projective test / technique
- 35) Expand TAT.

5 marks

- 1) Explain types of emotion
- 2) Explain various physiological responses to emotion
- 3) Explain psychological responses of emotion
- 4) Explain any 2 theories of emotion
- 5) Explain motivation cycle
- 6) Explain Psychological approaches to motivation
- 7) Explain humanistic approach to motivation
- 8) Explain 1 factor theory of intelligence
- 9) Explain gardeners theory of intelligence
- 10) Write a note on Assessment of intelligence
- 11) Write a note on educating gifted children
- 12) Explain the steps involved in Problem solving
- 13) Explain the obstacles I problem solving
- 14) Write a note on process of concept formation

8 Marks Question

- 1) What is emotional intelligence? write a note applications of Emotional Intelligence.
- 2) Explain various Biological motives.
- 3) Explain social motives.
- 4) Explain any 3 theories of intelligence.
- 5) Write a note on concept of intelligence quotient.
- 6) Explain the important Steps and obstacles in problem solving.
- 7) Write a Note on reasoning and decision making.
- 8) Write a note on creativity and critical thinking.
