YOUTH RED CROSS

PLASTIC FREE DRIVE

Volunteers of Youth Red Cross wing of our College were participated in plastic free drive, organized by A Rocha Elephant Research Center, Bengaluru, India at Bannerghatta National Park and Zoo (Biological Park) on **25/02/2023**, Saturday.

The main aim is to increase public understanding and shape community perception on the dangers of plastic pollution and available solutions, thereby empowering more people and organizations to take action.

Volunteers created awareness among visitors and localities about effects of plastic by collecting plastic wrappers, bags, bottles and other plastic products around Bannerghatta National Park. Eight million tonnes of plastic waste leaks into the World's oceans, impacts over 700 species every year and half of all marine turtles have eaten plastic.

Everyday plastic waste creates pollution and negative impacts on ecosystem habitats, human health and sustainable development across the World. Despite the vast scale of the problem, the general public and other important stakeholders have not been adequately engaged and educated on how they can become part of the solution.

Outcomes:

1. Broad public awareness helped them to change the way that plastic is viewed, used and managed as waste.
2. Collected about 55 to 60 bags of plastic products from surrounding area of Bannerghatta National and Biological Park.

Instructions given by organizer
Volunteers getting ready to collect plastics

Collection of plastic products from surrounding area of Bannerghatta National Park.

Collection of plastic bottles

Reporting to the organizers after collection
