DATE: 1/07/2021, 2/07/2021, 5/07/2021, 14/07/2021 & 09/08/2021

REPORT: Five days vaccination drive & COVID-19 test camp organized in college campus (General staff & Ladies rooms) to students & staff of the college

In COVID-19 Pandemic situation one of the big challenge is the rapid development of vaccines against COVID- 19, successfully vaccinating the global population presents many challenges, from production to distribution, deployment, and importantly acceptance. In this pandemic situation the distribution of vaccination for all the citizens within a short stipulated period is very important and necessary to control the COVIT-19. Government of India is taking all necessary steps to ensure that we are prepared well to face the challenge and threat posed by the growing pandemic of COVID-19. As a citizen of India we also have an equal responsibility in this pandemic situation. The vaccination drives play a very important role in controlling COVID-19. It gives priority to strengthening the country's health care system by protecting the professionals, health of frontline workers and all citizens.

The most important factor in preventing the spread of this virus locally is to empower the citizens with the right information. In our college importance of mask, maintenance of social distance and importance and necessity and benefits of vaccination was informed and deliver the vaccines safely and effectively to the students and staffs, total 1627 members are entitled to free vaccination and 315 COVID-19 test in vaccination drive at KLE's SNijalingappa college, with active support of volunteers from YRC & NSS this program was successfully completed. We have been able

OUT COME: 1627 Faculty & Students received advantage from vaccination drive.

KLE Society's S. Nijalingappa College, Bengaluru: Aided College
