Personal information

Date of Birth : 10-01-1995 Nationality : Indian Gender : Male Marital status : Single

Languages known : English, Kannada (Mother tongue), Hindi, Marathi

Present address : Post Rajajinagar, Banglore 560010 Permanent address : Post Gudeangadi, Kumta, hireoni cross,

Uttara Kannada, 581351

Academic profile

1) Ph. D.

Awarded on 15th Sept 2022

Department of Physics

MIT, MAHE, Manipal

Research Supervisor: Dr. Ashwatha Narayana Prabhu

Assistant professor (Selection grade)

Dept Physics

MIT, MAHE, Manipal

2)M.Sc. in Physics (Astrophysics)

Dept of Physics

Fergusson college affiliated to Savitribai Pule Pune University Completed in 2018 with CGPA:8.22

3)B.Sc. (Physics, Chemistry, Maths)

Dr. A. V. Baliga college of arts and science, Kumta Completed in 2016 with 78% (Distiction)

4) 10+2 (Physics, Chemistry, Maths, Biology)

Dr.A. V. Baliga PU College of arts and science, Kumta Completed in 2013 with 67.5%

5) SSLC

CVSK High school, Kumta Completed in 2011 with 95.36%

Research Experience:

My work is focused on comparative study of thermoelectric properties of single crystals and polycrystalline systems of Low temperature thermoelectric Bismuth metal chalcogenides.

Single Crystals: I have synthesized high quality single crystal samples of metal bismuth chalchogenides using the melt growth technique and analysed their structural, morphological, and thermoelectric properties in the temperature range 10-350 K.

Polycrystalline materials: Polycrystalline samples of **metal bismuth chalchogenides** have been prepared **using solid-state reaction** and studied their structural, morphological, and thermoelectric properties in the temperature range 10-350 K.

I have worked in Materials Synthesis Lab at UGC-DAE, Mumbai under Dr. P D Babu for PPMS thermoelectric characterizations, Mossbauer Lab at UGC-DAE, Indore under Dr. V R Raghavendra Reddy for HR-XRD Studies and at Materials Research Centre, IISc Bengaluru under Dr. Arun M Umarji for vacuum sealing of thermoelectric materials.

Till now I have published 11 research articles as first author and I have attended and presented my research works in 3 International, 4 National and 1 state level conferences.

I have got 130 citations, 8 h Index and 6 i10 index till the year 2023

Education Details (starting from the highest degree)								
	Qualification	Year of Passing	Boa	rd / Univers	sity	Percentage/CGPA Scored		
	Ph.D.	2022(Aug)		pal Acaden her Educat	•	Defended successfully		
	M.Sc (Physics)	1.Sc (Physics) 2018 Fergusson college Pune University			Pune	8.2 CGPA		
B.Sc (Physics, Chemistry, Maths)		2016	Dr. A. Baliga college of art and science		e of arts	78		
Research Publications: (Scopus, Web of Science, H-Index)								
List of Publications in Journals								
Sl. No.	Title of the Paper	Authors	Journal Name	Volume	Page No.	Year of Publication	Impact Factor	

1	Enhancement of thermoelectric performance of In doped Bi ₂ Te _{2.7} Se _{0.3} compounds	Hegde, Ganesh Shridhar, A. N. Prabhu, Ashok Rao, and P. D. Babu	Physica B: Condensed Matter	584	412087	2020	2.436
2	Reduction in thermal conductivity and electrical resistivity of indium and tellurium co-doped bismuth selenide thermoelectric system	Hegde, G. S., Prabhu, A. N., Huang, R. Y., & Kuo, Y. K.	Journal of Materials and Materials in Electronics	31	19525	2020	2.47
3	Potential thermoelectric materials of indium and tellurium co-doped bismuth selenide single crystals grown by melt growth technique	Hegde, G. S., Prabhu, A. N., Gao, Y. H., Kuo, Y. K., & Reddy, V. R	Journal of Alloys and Compounds	866	158814	2021	5.316
4	Enhancement in thermoelectric figure of merit of bismuth telluride system	Hegde,Ganesh Shridhar, A. N. Prabhu, Ashok Rao, and M. K. Chattopadhyay.	Materials Science and Semiconductor Processing	127	105645	2021	3.97
5	Improved electrical conductivity and power factor in Sn and Se co-doped melt- grown Bi ₂ Te ₃ single crystal	Hegde, Ganesh Shridhar, A. N. Prabhu, and M. K. Chattopadhyay.	Journal of Materials Science and Materials in Electronics	20	24871	2021	2.47
6	Reduction in electrical resistivity of bismuth selenide single crystal via Sn and Te co-doping	Hegde, Ganesh Shridhar, A. N. Prabhu, R. Y. Huang, and Y. K. Kuo	Materials Chemistry and Physics	278	125675	2022	4.094
7	A Review on Doped/Composite Bismuth Chalcogenide Compounds for Thermoelectric Device Applications: Various Synthesis Techniques and Challenges	Hegde, Ganesh Shridhar, and A. N. Prabhu.	Journal of Electronic Materials	51	2014	2022	1.98
8	Structural and optical characterization of novel nitro substituted D-π-A-π-A type chalcone single crystal showing second-order and third-order nonlinear optical properties	Parol, V., Upadhyaya, V., Hegde, G. S., Lokanath, N. K., & Prabhu, A. N.	Physica B: Condensed Matter	580	4598	2019	2.9
9	Thermoelectric properties of codoped (Bi0. 98In0. 02) 2Te2. 7Se0. 3/reduced graphene oxide composites prepared by solid-state reaction	Hegde, Ganesh Shridhar, Vinay Parol, Ashok Rao, A. N. Prabhu, Joshua JB Levinsky, and Graeme R. Blake.	Materials research Bulletine	145	111517	2022	4.64

,					I		1
Investigation of near room and high temperature thermoelectric properties of (Bi0.98In0.02)-2Se2.7Te0.3/Bi2Se3 composite system	Ganesh Hegde , Ashok Rao, A. N. Prabhu, Gurukrishna K, Deepika S	Journal of Materials Science and Materials in Electronics	Accepted	Accepted	Accept	ed	Accepted
Thermoelectric composite of (Bi _{0.98} In _{0.02}) ₂ Te _{2.7} Se _{0.3} /Bi ₂ Se ₃ with enhanced thermopower and reduced electrical resistivity (Post PhD research article)	Ganesh Shridhar Hegde ^a , A. N. Prabhu ^{b*} , Suchitra Putran ^b , Ashok Rao ^c , Gurukrishna K ^c , Deepika Shanubhogue U ^c	Journal of electronic materials	Accepted	Accepted	Accepted		Accepted
Influence of indium and selenium co-doping on structural and thermoelectric properties of Bi ₂ Te ₃ alloys	Ganesh Shridhar Hegdea, A. N. Prabhub*, M. K. Chattopadhyayc	Journal of materials science: Materials in electronics	Accepted	Accepted	Accept	ed	Accepted
Enhancing the thermoelectric power factor by lowering the electrical resistivity of Bi ₂ Se ₃ /NaI composites prepared by solid-state reaction (First corresponding paper with Master students)	Ganesh Shridhar Hegde A. N. Prabhu, Ashok Rao, Deepika Shanubhogue U, Suchitra Putran	Journal of electronic materials	Accepted	Accepted	Accepted		Accepted
Thermoelectric analysis of (Bi _{0.98} In _{0.02}) ₂ Te _{2.7} Se _{0.3} / Polyaniline and (Bi _{0.98} In _{0.02}) ₂ Se _{2.7} Te _{0.3} /Polyaniline composites	Ganesh Shridhar Hegde A. N. Prabhu,	materials science: Materials in electronics	Accepted Accepted Accepted			ed	Accepted

Apart from these, I have a grant of UGC DAE CSR CRS/2022-23/1251 (Project for 3 years) from central govt of rupees 1.5 lac.

Editorship has been given to me for the book series under IIP Volume 3 2023

I had been an NCC Cadet, cleared C Certificate exam which has taught me discipline, teamwork, critical thinking, and tackle challenges logically. These qualities have helped me in carrying out my research work in an organized manner. I have a teaching experience for 1 year UG and PG course of M.Sc. and B.Sc.

By all these, I believe I am an ideal candidate for the present position.
