## NATIONAL LEVEL SEMINAR

## DEPARTMENT OF BOTANY

## PHYTON CLUB

On 27-2-2023, the eve of celebration of International year of Millets as declared by United General assembly which was proposed by our Prime minister Sri Narendra Modiji, Department of Botany under Phyton Club organized one day National level Seminar on “**Contribution of Millets to Human Health and Wealth**”. The seminar was conducted on a blended mode using google meet platform and You tube live streaming. The programme started with Invocation Song by Ms Shalini S, II Bsc student followed by welcome speech by Dr. Banani Misra, Organizing secretary, CMHW, Assistant professor, department of Botany. Introduction to chief guest Dr. Sukanya T.S was delivered by Smt. Roopashree MG, HOD Botany, Convenor, CMHW. Then the program proceeds with the Key note address by the chief Guest Dr. Sukanya T. S. on topic “**Nutricereals: Role in Indian Agriculture, Food and nutritional security**”. She explained about the significance of the Future Grain - Millets and the importance of millets to empower poor grade farmers, sustainable development and climate change. The session was really wonderful and informative. The session was presided over by our beloved principal Dr. Arun Kumar B Sonappanavar. While giving presidential remarks he emphasized and reiterated on the significance and nutritional value of millets. Presidential remark was followed by paper presentation after tea break. There were many oral presenters from different states like Orissa, Tumkur, Hubballi, and different colleges of Bengaluru participated and presented paper on nutritional and health benefits of millets. Paper presentation was followed by valedictory session post lunch. Certificate distribution was completed by our Principal Dr. Arun Kumar B Sonappanavar sir. The program concluded with the Vote of thanks by Ms. Likitha M, II Bsc student.

Really this seminar was having a wonderful take away in which our students learned about the importance of Future grain which is having low Carbon and Water Foot Print.
