**TEACHER'S FEEDBACK ON NEP PRESCRIBED CURRICULUM
(IQAC – 2020 Onwards)**

Action taken report

The Feedback analysis revealed that NEP is more student friendly and highly flexible. It is found to have a lot of options to enhance their knowledge regarding the subject and overall personality. Teachers gave a very good feedback in most of the parameters provided in feedback forms. Hence in the following parameters there was a comparatively less feedback. The following initiatives are taken to improve further.

Sl. No.	Statements	Action Taken
1.	Components of the syllabus such as experiential learning and internship provide best opportunity for employability and entrepreneurship.	The curriculum provided intership opportunities in last semester of the curriculum in pure science subjects. Hence student are taken to sufficient number of industrial visits and field visits to have practical exposure. Further they are engaged both self financed and UGC Stride sponsored certificate courses which equipped them with necessary skills to face the job market.
2.	NEP Curriculum fulfils the vision of Human Resource Development and Make-In-India.	NEP curriculum mainly intends to bring about human resource development but present curriculum needs to be further strengthened and more skill development programmes are to be introduced. Hence our institution have taken many skill development programmes like curricular and non curricular projects, research projects for staff, workshops for students. etc.

EMPLOYER FEEDBACK ON NEP CURRICULUM
(IQAC 2022-23)

Action Taken Report

Most of the questions were given positive feed back. Further improvements were suggested in some aspects which were considered by IQAC and actions are taken accordingly

Sl. No.	Statements	Action taken
1.	The contents of the Syllabus were updated and revised as per recent trends and developments to meet employer requirements.	Employers were invited to address our students regarding current trends and developments and prepare the students mentally to face the job market
2.	The content of the syllabus includes the skills, concepts, knowledge and critical thinking concepts to enhance student's competency.	Students competency were further enhanced by engaging them in peer tutorials, competitive exam coaching centre, student projects.
3.	Curriculum facilitates the teachers & students for experiential learning.	Experiential learning has been a part of the curriculum. Our institutions have made sincere efforts to provide additional industrial and field visits apart from curriculum
4.	Students were taught with ICT based teaching-learning materials to fulfil the recent developments in industry, academia and research.	The students are encouraged to ICT facilities in the institution like digital library, giving seminars through PPT presentations, and internet, innovative projects etc
5.	The short term skill oriented Certificate/ Value Added Courses beyond the curriculum provided by the college helped students to develop skills and etiquettes for profession life.	Both self financed and UGC stride certificate courses are conducted with both internal and external resource persons certificate courses also included field visits and hands on training programmes
