## **DEPARTMENT OF ZOOLOGY**

### **Study Material**

The faculty of the Zoology Department has prepared this study material to make the learning process easier for students. This is a collective and well-planned effort to summarize the university-prescribed syllabus in a simple and structured manner. We believe this resource will greatly benefit the student community.

The material is enriched with diagrams with explanations. It is designed to meet the requirements of I-Semester and V- Semester B.Sc. students for the academic year 2025–26 under the CBCS scheme. The topics covered in this study material include: Animal Diversity: Non-Chordates.
